

## STUDENT PROGRAM

### CHES NATIONAL TRADESHOW & EDUCATION FORUM

Sunday September 20, 2009  
1800 – 1900  
Bonavista Bay Room, Delta St. John's Hotel

#### Introduction to Healthcare Engineering as a Profession

*Speakers:*

**Michael Hickey**, Regional Director, Facilities Management & Support, Northern Health Authority, Prince George Regional Hospital, Prince George BC

**Randy Cull**, Regional Director Support Services, Labrador-Grenfell Health, St. Anthony NL

**Bill Squires**, Area Manager, Infrastructure Support, Eastern Health, St. John's NL

The profession of healthcare engineering is facilities management in a very special setting. Healthcare engineers work together with physicians and clinicians, forming a unique team dedicated to creating an environment in which care for the patient can be maximized. The speakers will introduce participants to the profession and its requirements and special challenges. Students will gain insight into a very special option to consider for their future career.

1900-2100

**Opening Reception in CHES Tradeshow**  
Marconi Hall, St. John's Convention Centre

Students are invited to attend the during the Welcoming Reception of the 29<sup>th</sup> National Conference of the Canadian Healthcare Engineering Society which is being held in St. John's September 20-22, 2009, when they will have the opportunity to visit the tradeshow where the reception is being held.
